ALEXANDRIA, VA., TUESDAY EVENING, DECEMBER 4, 1906.

PRICE 2 CENTS.

## MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well known. Even the untutored Indian has learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "popose root" for her, for that was their great remedy for female weakness. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Dr. Pierce's Favorite Prescription. Tenders over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being composed of native medicinal roots without a drop of alcohol in its make up, whereas all other medicines put up for sale through druggists contain the most potent and harmful habit-forming poisons. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs of the female system. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strengthening power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

BETTER RAILROAD FACILITIES.

As heretofore stated in the Gazette the State Corporation Commission has entered a sweeping order against the Southern Railway Company, requiring that corporation to make certain improvement in facilities for handling passengers on its Bluemont and Manassas branches. Here is the order in full.

"The commission having given careful consideration to all the testimony and exhibits in this proceeding, and without at this time disposing of all matters brought before it herein, or directing all such requirements as it may conclude should be made herein, proceeds now to enter the following order with reference to the complaints concerning the condition, the services and the facilities on the line of the defendant company, from the Potomac river to Bluemont, known as its Bluemont branch.

The Southern Railway Company is required to note, and observe the following detailed particulars, and carry out the matters therein appearing with all practicable promptness and dispatch; that is to say, the Southern Railway Company, on its Bluemont branch, in order to render its facilities and the service furnished by it to the public more efficient and satisfactory, should observe the following rules, now briefly stated, and comply with the following orders and directions, viz:

1. Clean and comfortable coaches; these coaches to be well cleaned in detail at each end of each run.
2. Sufficient passenger coaches on each train to meet the varying requirements of the travel on this branch, and to furnish seats for all passengers.
3. Such motive power as will handle trains above described and maintain their schedules as advertised, subject to the restrictions set out in paragraph No. 6.
4. The railway company may operate these passenger trains in either one or two sections, according to the number of coaches which may be required to furnish comfortable and adequate accommodations for their patrons.
5. The floor beams of Tuscarora creek bridge must be replaced by stronger ones of built section of suitable design, and the stringers on same bridge be replaced by twenty-two by fifty-five-pound I beams, or equivalent.
6. No engine, whether drawing passenger or freight train, shall be allowed to double-head over any portion of this branch when the weight on any one pair of driving wheels exceeds the following:

- Eight-wheeled (American type) 36,000 pounds.
- Two-wheeled type (three pairs drivers), 30,000 pounds.
- Consolidated type (four pairs drivers), 28,500 pounds.
7. Road to be ballasted from Round Hill to Bluemont, at least up to the condition of the rest of the branch.
8. Station grounds immediately surrounding the station building at Bluemont to be properly drained and filled in, so as to make the approach to the station for vehicles and foot passengers comfortable and satisfactory.
9. The railway company shall furnish the commission, at the end of each week, until further orders, train sheets, showing arrival and departure of each scheduled passenger train at and from Bluemont and Washington and Ohio Junction.

Such additional orders, rules and requirements will be further entered by the commission as may be, in its judgment, justified by the evidence herein and be rendered necessary to meet the public requirements and needs.

It is ordered that the clerk of the commission do transmit and certify a copy hereof to the Southern Railway Company.

might have tended to help this boy have been badly left out. I know that this is a serious charge, but until some higher power makes me change my mind I will not retract it.

When Senator Mills had finished and had sat down after more than five hours and a half of almost continuous talk District Attorney Ward arose to start his summing up and began with a reply to Senator Mills' charges, which was even more bitter than the charges themselves, and resented what he called Senator Mills' denunciation of the doctors as bunglers. Ward trembled with indignation. He was apparently so angry at the insinuations which had been made against his integrity and that of five medical experts that he could hardly control himself. He had not closed when court adjourned.

Cataract of the nose and throat should lead you to at least ask for a free trial box of Dr. Shoop's Catarrh Cure. Nothing so surely proves merit as a real, actual test—and Dr. Shoop, to prove this, earnestly desires that we let you make that test. This creamy, Snow White healing balm, soothes the throat and nostrils, and quickly purifies a foul or fishy breath. Call and investigate. F. S. Leadbeater & Sons.

Japanese in Honolulu.

Those in Honolulu who have been watching the Japanese immigration for sometime declare that the immigrants who have arrived there during the last few months are picked men of military training and experience during the last war. The same is true of those who will arrive there within the next few months.

The Japanese on the islands now outnumber all other foreigners, and most of them are in Honolulu or on the big sugar plantations. They could be massed very easily, and if provided with arms would make a formidable army, especially with the presence of Japanese war vessels in Honolulu harbor.
